ROCKFORD PLANE RADIOS POSITION: AID RUSHED

'Foreign Endorsements' Sharkey's Smoke Screen

Desperate at the way the tide in the two counties is turning to Davis for State Senator, the supporters of Sharkey are planning to resort to "last minute rumors" in the hope some good will be done for their candidate. Those who are handling the "poison mill" for Sharkey, are working overtime, but the general public should bear in mind that there is not a word of truth in last minute reports, and the circulation of such will only act as a boomerang.

ONLY YESTERDAY CONFIDENTIAL REPORTS REACHED THE RECORD-HERALD OF PLOTS THAT ARE IN THE HATCHING.

PUBLIC ENJOYS GUFFAWS

One of the amusing things of the campaign out of which the general public is enjoying many hearty guffaws, is the "endorsements" that Sharkey's chief supporter is publishing daily from office holders, ex-office holders, and professional politicians in different parts of the state, telling what a "remarkable senator" Sharkey is.

TICKLE EACH OTHER

It reminds one of the oft repeated story of "I'll tickle you if you'll tickle me."

Abraham Lincoln once made this famous statement: "You can fool some of the people all of the time; you can fool all of the people some of the time, but you cannot fool all of the people all of the time."

"ENDORSEMENTS" HOKUM

The "endorsements" that are being used are an attempt to "fool" the people. They are pure "hokum" especially when they come from outside of the district, and the general public is attaching just that little importance to them.

What do these professional politicians know of conditions in Contra Costa and Marin county?

PROFESSIONAL POLITICS

How do they know whether bills sponsored by Senator Sharkey are beneficial to this district or not. It is the old game of professional politics. Possibly some of the "endorsement" writers will want some "endorsements" in return some time.

WILL THEY SAY IT?

Are these "endorsement" writers willing to come into this county, and without a blush of shame say that the Notorious Bridge Bill—Senate Bill No. 846, of which Sharkey was the father, was a good bill for the people of this county?

Will they tell the people that the attempt of Sharkey to divert millions from the county treasuries of Contra Costa and Solano and place them in the coffers of a private concern,

was for the benefit of the taxpayers of these two counties?

Will they tell the people that the action of Sharkey in bringing this iniquitous bill out of the darkness in the last half of the session of the legislature was something to be proud of?

WHY THE FLOP?

Will they say that Sharkey was sincere, first battling for an opposition bridge concern, then suddenly overnight throwing this concern overboard, then jumping on the band wagon of a rival bridge company, —and immediately bobbed up "Topsy"—Senate Bill No. 846.

UNDERLYING MOTIVE

Will they tell the voters of this county, what the underlying motive of Sharkey was in introducing this infamous bill, and bending every effort to have it become a law?

Will they condemn the governor for vetoing this bill, which reeked with scandal, from one end of the state to the other?

WHY IS HE SILENT?

Will they tell us why Sharkey is silent in regard to this \$50,000,000 GRAB BILL?

Will they say, and say it truthfully, that the extending of this bridge franchise for an additional 25 years, when the bridge company had gladly accepted the original 25-year franchise and erected their bridge under it, was for the good of the public?

Will they say that the bridge should not revert to the people of the two connecting counties, as the franchise provides, and that the taxpayers should not receive the benefit of the revenues?

Senator Arthur Breed of Oakland, now "endorsing" Sharkey, fought the iniquitous bridge bill with all of his ability —thanks to him for it.

BETRAYS PEOPLE

Will these "endorsement" writers come into this county and tell the people that Sharkey acted in good faith when he voted against and fought against the adoption of the "Still Bill"?

Will they tell us that Sharkey did not betray the people, especially in view of the fact that assurances had been given the Anti-Saloon League, that Sharkey would vote for all law enforcement measures?

WERE THEY ALL WRONG?

Will these "endorsement" men tell the people that every senator in California voted for the bill, except Sharkey alone and the San Francisco delegation, and that only the latter

Objection To Sharkey As Speaker By Pastors

Senator Will R. Sharkey, better known at Sacramento as "Uncle Will," and with a booze record that has been "consistently wet" since he has been a member of the legislature, was one of the speakers at the church fellowship dinner held at the Community M. E. Church at El Cerrito last evening.

Indignation Meeting

When the fact first became known a week ago that Sharkey had been invited to speak, there was an indignation meeting of the ministers of Richmond, and one of them was delegated to notify those in charge of the program that Sharkey was objectionable to the churches on account of his known record on and attitude toward the liquor question.

Ask His Withdrawal

This was carried out, and it was agreed that Sharkey would be withdrawn. Then came further conferences between Sharkey's supporters and the ministers at which Sharkey was present. Sharkey's assurances did not satisfy the ministers.

False Position

Sharkey's supporters were told that the churches did not propose to be placed in the position of endorsing a man with the record he held, and that if he was to be the speaker the pastors would advise their members not to attend.

No Notices Read

Sunday notice of the fellowship dinner was not read from the different pulpits.

Ultimatum Given

Yesterday morning another conference of the ministers and those in charge of the dinner was held, and the ultimatum was given that both candidates for state senator must receive invitations. This was the condition under which Sharkey was invited to talk.

The invitation to Davis was given to his manager about 2 o'clock in the afternoon, and as Davis was campaigning in the upper end of the county it was impossible to get in touch with him, his whereabouts not being known.

Not Endorsing

C. G. Kratzer was chairman of the dinner and made the statement the fellowship was not endorsing any candidate. He explained that Sharkey had been invited eight weeks ago, but meetings had been postponed until after the vacation period.

Praise Each Other

Dr. Arthur H. Briggs of the Anti-Saloon League was present and praised the record of District Attorney Tinning, and Tinning in return praised the work of Dr. Briggs.

Glittering Generalities

When Sharkey spoke he dealt in glittering generalities, did not mention his betrayal of the people in the \$50,000,000 bridge grab bill, did not mention the fact that he had betrayed the church people at the last session of the legislature, nor did he mention that he had been consistently "wet" during his term of office. He told of his work on the water commission, the need of water for western Contra Costa, and the bay barrier to make a fresh water lake, but he was silent on the question of whiskey.

Alleged Stealer Of Goat To Appear

J. Tsangora, charged with disturbance of the peace as a result of an altercation over a goat last week, will appear before Justice of the Peace Arthur A. Alstrom this morning. Louis Barde, of Calistoga, owner of the goat, swore to the complaint.

VOICE, thick with anxiety (or what have you): "The meeting will come to order. We will sing 'Hail, Hail the Gang's All Here'."

"Call the roll," orders the Chief Stuffed Shirt. "Uncle Will phoned that he is detained on matters of State. He is in committee, discussing ways and means to supply hoodlums to all of the people all of the time."

Another Stuffed Shirt exclaims, "No, I think Uncle Will is writing a new book on Bridges. The last work he turned out did not please the people, so he is changing the wording and putting a new cover on it."

Chief Stuffed Shirt: "We'll mark him present, as otherwise those inquisitive tax-payers will become rude and want to know where he is and what he is doing."

"That's easy," chorus the stuffed shirts. "Feed them apple-sauce. Promise them everything (before the election) and tell them to go to the Devil after the election." (Loud laughs and whispermings)

SMITH PLAN HELD DOOMED

TOLEDO, O., Aug. 23.—(U.P.)—Norman Thomas, socialist candidate for president, said today that Governor Smith's speech of acceptance was a "clever, emotional appeal to liberals for support of a program impossible of achievement through the Democratic party."

Thomas spoke to the Knights of the Round Table.
"I question the sincerity of Smith's general attitude," he said. He criticized the failure of the Democratic nominee to include the world court, the league of nations, the war debt settlement and the Russian recognition issues in his speech.

Work on the construction of a new building in Macdonald avenue adjoining the Key System car barns was started yesterday for George Thompson, proprietor of the cigar stand.

SEARCHERS CHEERED BY REPORT MEN WERE SEEN

TOLEDO, Aug. 23.—(U.P.)—Joe E. Williams, operator of radio station SAME, reported tonight he had been in communication with a station that signed itself KAHAM, whose messages were known "The Rockford to Sweden Fliers."

The messages requested that Williams get in touch with the United Press and advise them they are down 100 miles north of New Foundland, the operator said. According to Williams, the messages said the men were safe but in need of help and asked that aid be rushed to them.

JULIAN HAAB, Greenlund, Aug. 23.—(U.P.)—A crisp wireless message, flashed along the coast of Greenland today, brought fresh hope that Bert Hassell and Parker Cramer, who were attempting a flight from Rockford, Ill., to Stockholm, Sweden, were safe in some remote spot on the Greenland coast.

The message came from Honora Petersen governor of South Greenland, and related the news that the entire population of two villages of Greenland had seen an

County Board To Make Decision On Budget

MARTINEZ, Aug. 23.—Meeting in special session today the board of supervisors continued its consideration of the county budget, making small reductions in the estimates of various departments.

It was said this afternoon that final decision on the budget would not be made until a week from Friday when the tax rate is fixed. It appears probable the budget increase will result in a tax increase that many approximate 40 cents.

Hot off the Griddle

A YOUNG WIFE WEEPS as her husband and two companions leave New York in a thirty-two-foot motorboat on a 3,200 mile trip to Spain. The little boat sets out to establish a record for the smallest powerboat ever to cross the Atlantic. It is better equipped and more powerful than the fragile bark Columbus used when he set out to discover the new world, convinced in his own mind that he would find land instead of believing, as his weeping friends told him, that he would sail to the edge of nowhere and fall off. On his way over, the young engineer of the little motorboat may realize that some men must accomplish while women must weep.

FARMERS SAFE, HOOVER BELIEF

CEDAR RAPIDS, Iowa, Aug. 23.—(U.P.)—The Hoover entourage started back to Washington tonight, convinced that prohibition has remained a dominant issue of the campaign and certain that the farm relief situation will cause no political upheaval.

After two days of conferences with the farm leaders here and after hearing by radio the acceptance speech of Smith, the advisors and friends of Herbert Hoover believed the Republican nominee was confronted with a new political situation entirely different from the line on which he has been advancing.

Hoover is convinced in his own mind that the farm upheaval will not materialize. He found eminent members of the farm bloc such as Senator Brookhart of Iowa, Nye of North Dakota and Capper of Kansas support his farm plan.

NOT SO DUMB AS HE LOOKS

Abelardo Rodriguez has been governor of the northern district of Baja California for about six years. That in itself is a feat. But he has also achieved something even more noteworthy—a degree of good sense that withholds him from plunging into the perilous field of Mexican presidential politics.

The saddest commentary on Mexican backwardness at the polls is this: that an able man may entertain such regard for longevity that he finds it in his heart to refuse the risk of running for president. Both Mr. Hoover and Mr. Smith have a great deal of ability which can be placed at the service of the American people at a wage far less than they could command in industry. In other words, their capacity makes them "bargains" at the price. If the United States had not been organized as it is, with the people used to making their choices by ballots instead of bullets, either or both could be forgiven for remaining strictly private citizens.

While we hope that Mexico finds a good and clean way out of her troubles, we congratulate Governor Rodriguez on his judgement.

The keynote speaker of the Third Party Movement at Omaha charged Wall Street with inspiring the writing of "Uncle Tom's Cabin". That's one which Claude Bowers overlooked in his keynote speech at Houston.

Sociologist says that young people are more honest nowadays than they used to be. Well, it does seem to us that they don't try to conceal as much as they used to.

Speaking of the Kellogg Peace treaty, what has become of the old-fashioned statesman who said back in 1920 that if Uncle Sam didn't join League of Nations we would soon get into another World War?

Of course we are for the Kellogg treaty. The whole world seems to be for it and the best way for Uncle Sam to keep the world for it is to keep his navy in good condition.

The Portuguese have just stamped out their nineteenth attempted revolution. If they aren't careful the revolutionary business is going to grow into a habit.

Most of the candidates seem to be able to survive the dog days of August. It's the November frosts which seem to get them.

AND THE WORST IS YET TO COME

Julie Says--

A FAVORITE for town wear this fall will be the cloth dress, usually made up in coat style or on very tailored lines. This is a particularly youthful model, a bit more juvenile and feminine than usually seen when fall opens on the new frocks. It is of black rep, and has a bolero, which gives the effect of a jacket, and a circular skirt. The collar and cuffs are of white moire and the tie of black velvet.

Scientists suggest that the lower animals may sometimes overcome and devour the human race. And it's high time now for the squirrel to get started.

BEAUTY

By LAURA LANE

Dear Miss Lane,
I am cursed for blessed, however you see it with an aquiline nose and I don't know what to do about it. Can you offer any suggestions as to how I might do my hair (which is not bobbed) so as not to accentuate this feature?

NOREY

Perhaps you can consider yourself blessed if you will arrange your hair and adopt a style of hair to go with your nose. It is not so bad as you think. I want to buy your clothes to fit your nose.

Not having a more complete picture of you, I would suggest that you arrange your hair so that the heaviest part of it is rather low on the back of the head. On the whole, your coiffure should be dignified and rather conservative and your clothes should match. No flapper styles for you!

Dear Miss Lane,
I haven't been feeling very peppy lately and my skin is a wreck. It never used to break out, and I think I am right in blaming it on my present condition on a slingshot system. What exercise will help?

LAURA Q.

Walking.
Any doctor will tell you that walking is one of the best exercises known to keep you in good condition. Make sure that you are getting enough fresh fruits and vegetables in your diet and drink eight glasses of water a day, including one or two before a breakfast.

Then walk.

Moose Lodge Plans Confab

Richmond lodge of Moose last night in their preparations for the state convocation in Watsonville, September 1, 2 and 3, decided to rent an entire auto camp for the three days to take care of the officers, drill team, drum corps and members attending the sessions.

The drill team and drum corps will take part in the Moose parade on September 2 and again in the Labor Day parade of Watsonville. The Bathing Beauty contest will be held on Sunday afternoon at 2 o'clock.

One of the important problems to be discussed by the convocation is the proposition of securing a Moose home in the west in place of having to send members to Florida.

Following the business session last night there was a session of Alacosta Legion with W. Hamilton, great north moose, presiding. The session was followed by a banquet served by Bert O'Loan and John Oberg.

School nurse says

all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there's no harm in taking nujol, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or gas pains or griping."

Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling because it is so pure and harmless. Can't you see how easily every woman should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine.

MERGER OF 4 RAILROADS IN PROSPECT

CHICAGO, Aug. 23.—(U.P.)—Consolidation of four western railroads was predicted here today as the result of the appointment of Hale Holden, president of the Chicago, Burlington and Quincy line, to the chairmanship of the executive committee of the Southern Pacific railroad.

The roads involved are the Southern Pacific, the Great Northern, the Burlington systems and the Northern Pacific.

Railroad officials recalled that in 1923 Holden submitted to the Interstate Commerce Commission a plan for the merging of all western roads into four major lines.

Holden's appointment is expected to end the opposition of the Southern Pacific and Santa Fe to the expansion of the Western Pacific.

\$40,000 Asked For Injuries

MARTINEZ, Aug. 23.—Damages aggregating \$40,000 for injuries sustained by Jeanette Reese, 17, in an automobile accident are asked by Miss Reese and her father, Lewis H. Reese, in suits they have on file in Superior Court here today against J. M. McDonnell.

Miss Reese was injured on November 2, 1927, when a car driven by McDonnell, in which she was a passenger, left the right of way on a road in the Berkeley hills. The suits charge the accident was due to negligent driving by the defendant.

The suits declare that Miss Reese's brain was crushed against the left side of her head and that the brain injury caused paralysis of the right arm and leg and affected her eyesight.

Miss Reese asks damages of \$25,000 in her own behalf. Her father asks \$10,000 for loss of his daughter's comfort and society and for anticipated expenditures for medical attention and an additional \$5,000 which he says has already been expended on medical and hospital care.

LILLIAN GISH PLAY IS BASED ON STAGE HIT

Hysteria and hatreds bred of war propaganda—these form the villain of one of the most powerful screen dramas the season has seen, and certainly one of the greatest stories Lillian Gish has ever starred in, in "The Enemy" Metro Goldwyn Mayer's gripping filmization of the Channing Pollock stage drama now playing at the California Theatre.

The stage play, which took the dramatic world by storm, and was hailed as the drama's greatest contribution to the cause of world peace forms a gripping and powerful tale for the screen, with Miss Gish as the tragic heroine, Paula a dominant figure while still losing none of her pathetic charm or fragile appeal.

It is a story of Austria, laid during and after the war, and is incidentally, the most modern role Miss Gish has ever played, coming practically up to the present day. Primarily a study in human nature under the lash of war, it is told in many delicate intimate touches, together with a powerful climax in which Miss Gish rises to the heights of a Modjeska or a Bernhardt in the soul-grinding episode of the dead baby, when her child dead of starvation she exults that "my baby is safe from the next war."

A notable cast appears in the story, under the mastery of direction of Fred Niblo, Ralph Forbes famous for his work in "Beau Geste" and other plays is seen as Carl, the husband torn from the heroine's arms by war, with Ralph Emerson, a newcomer from the stage as Bruce, her English suitor in the story of disrupted nationalities.

FrankARRIER, as Professor Arndt, her father and George Fawcett as the stern old war profiteer, have powerful character roles.

A very clever satire on Lillian Gish's "Batter Up" a Merrie comedy; the latest issue of International News and a distinct film novelty "Penny Postals" are also on the bill.

HOOT GIBSON CALLED IDOL OF BOY-DOM

The Western star is more of a god on a pedestal than any other type of screen hero in the opinion of Hoot Gibson, star of Universal's "Galloping Fury" which comes to the Richmond theatre tonight.

This is not bragadoles on Gibson's part but a realization which has come to him after many years as the leading Western star of the screen.

"There is more to being a Western star than appears on the surface," says Gibson. "It is not merely a matter of making pictures and then going about my own business after the day's work is done."

"I have a trust to fulfill, a sacred duty and a world of responsibility to the thousands of boys all over the world who look upon their favorite Western stars as nothing short of deities."

"There is none so quick to enshrine or so hasty to blame as the small boy. And should anything happen whereby the feet of his idol turn to clay, not only is his entire faith shaken but the invisible telegraph of Boy-dom will soon wreak damage to the reputation of the recalcitrant hero."

"So I have to be chary of my ways and watch my step with a carelessness exerted by not even the most temperamental of delicate opera stars. But I am happy in my chosen field and would not be doing anything else."

"On account of my boy following throughout the world, I feel that I am a better man, physically, morally and spiritually. Their trust in me is deserving of my remaining entitled to it. And I shall not fail them."

The supporting cast in Gibson's "Galloping Fury" includes Sally Rand, Otis Harlan, Frank Beal, Ed Coxen, Duke R. Lee, Pewee Holmes, Dick Hawk and Max Asher. Leaves Eason directed.

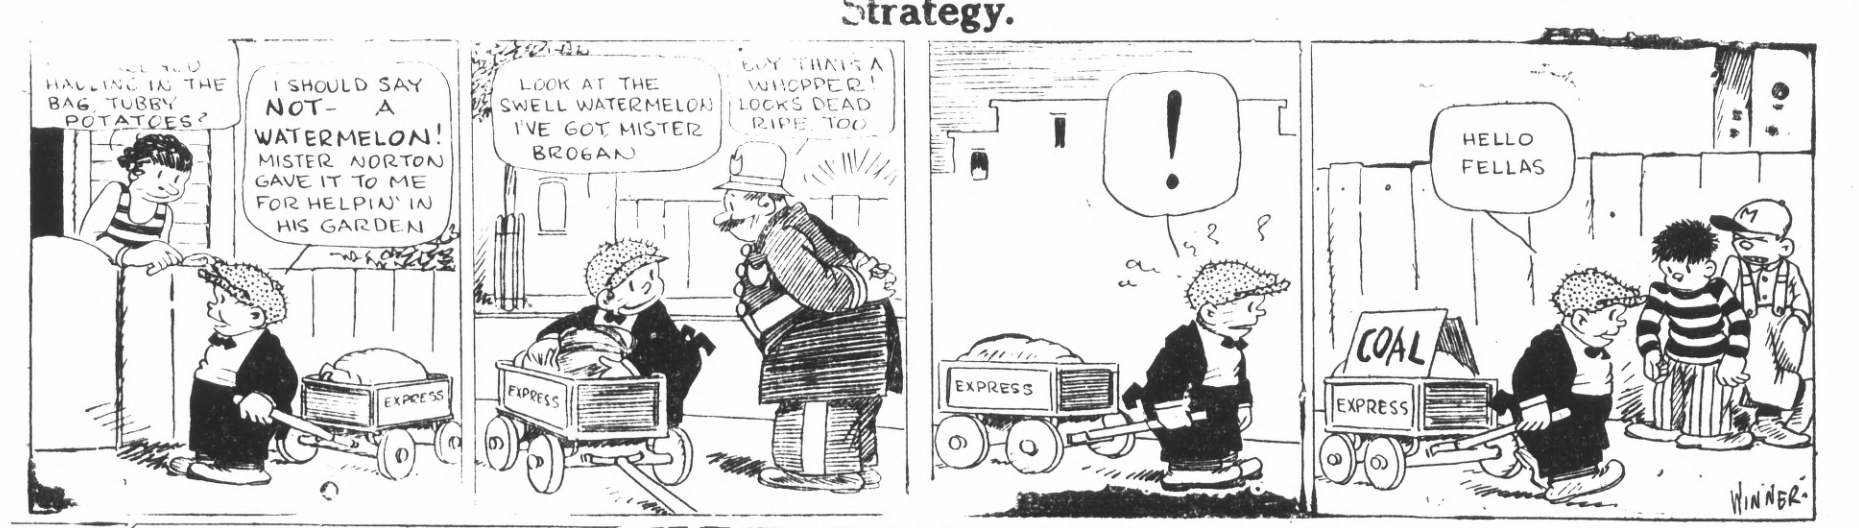

"Queer Ducks" an Educational comedy; chapter three of "The Isle of Sunken Gold" the South Sea adventure serial thriller and other short subjects will be included.

LOCAL MOOSE TAKE INTEREST IN STATE MEET

Local members of the Loyal Order of Moose and the women's chapter, Mooseheart Legion of the World, are taking a keen interest in the first annual California Moose convention to be held in Watsonville September 1-2-3.

The convention marks an epoch in California Moosedom and will bring together between 5000 and 10,000 members of the order and their wives in California.

A large delegation is scheduled to go from this community both by auto and train.

Opening on Saturday, September 1, the convention will come to a close on Monday, September 3 (Labor Day).

A mammoth public initiation of the first degree is scheduled for Sunday morning, September 2, in the Watsonville Civic auditorium. Lodges throughout the State will have candidates entered in this class.

In the afternoon the women of Mooseheart Legion and men of Mooseheart Legion of the World will also conduct initiations. The legion is the second degree of the play body of the Loyal Order of Moose. Mooseheart Legion is also the sole support of Moosehaven, the home for aged Moose and their wives, maintained by the order of Moosehaven, Florida.

Drill team contests, band contests, drum corps contests, for both men and women are other features of the second day of the convention, while Sunday night, September 2, a grand convention meeting for both men and women will be held in the Watsonville auditorium.

The Northern California District Association, Women of Mooseheart Legion is to hold its convention simultaneously with the men. Active in this association are Gertrude Rice, senior regent of San Jose chapter and Frances V. Jones, senior regent of Oakland chapter.

Following a great combined Labor Day and Moose parade on Monday morning, September 3, the Moose will conduct a State Beauty contest, the winner of which will be awarded a cash prize of \$250. Moose lodges throughout the State are asked to bring their prettiest girl in their respective community to Watsonville to contest for this cash prize.

A grand ball will bring the Labor Day festivities to a close.

A Savings Percentage

If every person could keep all he earned he would soon be financially secure. But other hands are stretched out for a part of the income...the landlord, the butcher, the baker and the tax collector. All the earner can keep is a percentage of what he makes. It has been conservatively estimated that ten per cent of the earnings can safely be put aside. Many savings depositors in the American Trust Company have built up substantial balances by following the ten per cent rule. Four per cent interest, compounded semi-annually, is working constantly to increase the savings accumulations. Any kind of savings policy is worth while, but a systematic plan is best.

A BESPECTACLED, MEAK gray haired little man, cashier for twenty-three years for an old New York firm is arrested for \$80,000. The arrest takes place upon his return from a glorious vacation in Yellowstone National Park with his happy family. The meek cashier lived beyond his means, and his downfall began when he started to take home a few stamps a day from the office. Habit in petty crime is a fearful thing. It invariably leads to the bars. Stamp thieves, as petty as it may seem, has eventually carried many office workers to the penitentiary.

FEW WILL PAY MUCH attention to the passing of A. J. Lamb, playwright and songwriter, until they learn that he was the writer of the song, "Asleep in the Deep." Years ago, every young man with a deep bass voice sang that to his sweetheart while she accompanied him on the grand piano in the front parlor. That song by Mr. Lamb brought comfort and entertainment to thousands of American homes. Those were the days before young men carried his flasks and mastered the accomplishment of driving cars with one arm.

THE NEW YORK CURB MARKET has appointed an official physician. Some people hope he may be called upon to do something for sick stocks as well as for those who invest in them. Banality, for instance, which made thousands of people wealthy on paper. When it reached the peak, they hoped for more profits and didn't sell, so they are all back where they started. A Curb doctor who could tell people when to sell would have long office hours. A Curb doctor who could curb people from gambling in the stock market would be doing something for humanity.

Mendelssohn Club Members Enjoy Fine Program

Meeting in the Richmond club house yesterday afternoon, Club Mendelssohn enjoyed an unusually interesting program, arranged by chairman Domenico Robbins, M. de Conon presented a paper on the life of Ethelbert Nevin, "two of whose compositions, Ophelia and The Dragon Fly, were played by Syra Kreutzen. Irene Calkins' review of "The Rose of Melody" by Carrie Jacobs Bond was complete and interesting. Mrs. J. T. Smith sang two compositions of Mrs. Bond, "End of a Perfect Day" and "Just a Weary in For You," accompanied by Mrs. Kreutzen.

Hostesses of the afternoon, Mrs. S. C. Shallenberger and Mrs. Ralph Bergen, served dainty refreshments at the completion of the program. Mrs. S. C. Shallenberger, the new president of Club Mendelssohn, heartily endorsed a suggestion, later made into a definite decision, to form a Junior Auxiliary sponsored by the club. As yet there are only tentative plans, but with a general purpose of encouraging the study of musicians and their work, it is expected that the new branch will be organized shortly.

CHINESE KILLER BLAMES LOVE FOR MURDERS

FAIRFIELD, Calif., Aug. 23.—(U.P.)—Oriental romance, drug, and revenge inspired a young Chinese, Yung, who was charged with the murder of a woman, in the most sensational case of murders the state has ever known. He confessed to officers who brought him here tonight.

Less than 24 hours after he killed 10 members of his own race, Yung was charged near Nevada City and returned here to stand trial for murder.

In a fashion he told officials the story of events that were climaxed when he killed more persons in one day than any murderer of California's history. Reliving his position he likened himself to Joe Tanko and Floyd Hall, youthful desperadoes who terrorized the state for many months.

"I had like Tanko and Hall—very, very sick," he complained before he started the weird recital of love for a young Chinese girl. The antagonism of the girl's relatives and his strange dream of their attempts to poison him.

"I no eat Chinese cake," Yung told Thornton "I know you want to kill me. I kill him first."

Yung, who is 29 years old, was under the effects of drugs when he started his crimes. Sheriff John Thornton of Solano county said he had learned from his prisoner.

Several months ago Yung fell in love with Nellie Gee, 16-year-old daughter of Wong Gee, Patrick of the Chinese fruit pick-up camp near here. Gee, his wife and three small children were the first to be killed by Yung's "revenge" Thornton said.

Nellie was seriously wounded. Wong Gee did not like the romance and ordered Yung to leave, the sheriff said, he had learned the suitor did not bother the girl any more and sought so-called Oriental drugs, whence came the ideas that his life was in danger, Thornton claimed.

After Yung had killed six members of the Gee family he murdered Yung Fong, Wong Win Fong, Chew Yee and Low Way, he admitted. He sought safety in the Chinese quarter of Nevada City where his brother lived. Residents of the section informed police he was there. Learning that he had been reported he hid in an old tank house at a mine nearby until he was found by peace officers.

SEARCHERS CHEERED BY REPORT MEN WERE SEEN

(Continued from Page 1)
airplane flying over head Sunday morning. The time they gave was 10:30, and was the time Hassell and Cramer were hoped to land at Mount Evans, 350 or 400 miles further north.

Petersen's message stated that the inhabitants were positive in their information and had described the scene in great detail, including the fact they had seen the aviators peering over the sides of their plane through binoculars, apparently attempting to locate a suitable landing place.

The plane passed away to the east, the inhabitants said, and in the belief that Hassell and Cramer made a landing on one of the Coastal Indian islands and are now awaiting rescue, boats have been started on an extensive search along the entire western coast of Greenland from Cape Farewell to Disko Bay.

The two villages from which the plane was sighted are Fiskehauset and Lichtenfels, situated not far apart on the southwestern coast. It is approximately 100 miles from Fiskehauset to Godthaab, where Governor Petersen maintains his headquarters, and it is believed likely although the governor's message did not make it plain that the news was carried from Fiskehauset to Godthaab by means of the Eskimo Kayak along the coast.

Although there is still nothing to indicate whether Hassell and Cramer made a safe landing and are well or whether they met disaster in coming down, it was cheering to know that apparently they actually had spied the treacherous waters of Davis strait and had reached the Greenland coast. The last definite word from the plane had indicated they were flying over the strait and it had heretofore been assumed that they fell in the water before sighting Greenland.

Because of that assumption, hope for their safety had almost been abandoned because the United States coast guard cutter Marion, plying the waters of Davis strait had reported rough seas with virtually no hope that a plane could remain afloat.

If, on the other hand, they actually reached the Greenland coast, as reported in Governor Petersen's message today, it is believed the chances that they made a safe landing are better than even.

Guests too, like automatic hot water service

One never knows when hot water is wanted in their home. And one never knows who wants it.

On the average, there is a demand for hot water 70 times a day in the usual family of four. And this demand starts in the early morning and continues until late at night.

How inconvenient it is to meet that demand with the ordinary water heater!

But a modern Automatic Gas Water Heater keeps hot water always ready for instant use. You merely turn the hot water faucet for a cupful or gallons of steaming water.

Why don't you, too, enjoy the comfort and convenience of a modern Automatic Gas Water Heater? It is the cheapest way to heat water in the home.
